REASONS FOR ALLOWANCE

Claim 1 is generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claims 6-9 and 21-59, directed to species no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim.

The following is an examiner's statement of reasons for allowance:

Applicant's arguments, see pp. 10-11, filed April 13, 2006, with respect to the art rejections have been fully considered and are persuasive. Particular consideration was given to the fulcrum being displaceable between positions at *support* points and the pivoting requirement described in the remarks. The rejection of the claims has been withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Saúl J. Rodríguez whose telephone number is (571) 272-7097. The examiner can normally be reached on M-F 9:30-6:00.
